Ref.: 2015 Edition of the EFIC® Montescano Pain School

Dear EFIC® Councillor, Dear Friend,

This is the seventh year of the EFIC® Montescano Pain School we are organising under its patronage.

This year due to the concomitant EXPO 2015 in Milan and to allow attendants to visit the exhibition the School has been programmed on **5-8 October, 2015**. For this reason and to try to further reduce the global costs of the school, this year we are hosted by *Habilita, Care and Research Hospitals* in Bergamo. Bergamo is a city of art and it is situated few minutes from the International Airport "Orio al Serio" where low cost airlines land. Bergamo is only 40' from Milano city centre.

This year we have introduced new topics such as "Clinical examination in minimally cognitive patient". A topic of great interest for pain specialists involved in intensive care units.

The past editions were extremely successful not only for the number of attendants but also for the quality and the active involvement of all the participants. This is possible thanks to the selections of the possible recipients of the EFIC® educational support that has to be done by the EFIC® National Councillors. And we are very grateful to you all for your help.

I hope that the EFIC President and all of you will encourage the selection of young and enthusiast attendants for the 2015 edition of the EFIC Montescano Pain School.

Please remember that all the requests should be sent to EFIC. All the requested documents and regulations can be found on the EFIC website.

Please do not hesitate to contact me directly for any further information.

A handwritten signature in black ink, appearing to read "Roberto".

Roberto Casale
EFIC® Montescano Pain School, Italy
